Pet Photography 101 on June 19th from 10am-12noon, at the Sharonville Humane Center, Humane Education Wing. Learn how to improve the photographs you take of your pet with the camera you already own. No photography experience needed - just a consumer grade digital camera, a love for your pets, and a desire to take better photos of them. Come with camera in hand to learn new skills and practice with the wonderful models from the SPCA adoption floor.
