DAISY AWARD

Congratulations to **Machelle Stone** as she is the recipient of the
SPCA Cincinnati's Daisy Award!

"I am one of the Kennel Technicians here at the Northside location, my job duties include sanitizing all kennels, and to help our four-legged-friends around the shelter. The most interesting thing about my job is that there's never a dull moment! My hobbies: sewing, singing, drawing, building construction, and also learning new languages. My favorite quote: *I like who I am, and who I'm becoming.* I also know that through courage, hard work, and persistence I will achieve my daily goals." —Machelle Stone

Thank you Machelle for all that you

Protecting Your Child's Future

As a parent, your daily focus is on your child's immediate physical and emotional needs. But what if you, or your partner, were to die? Not a pleasant thought, of course, but think of the financial impact it would have on your family. Everything would change.

Life insurance can help you protect your family's financial wellbeing. It can provide income should you die and make sure that future goals—such as your child's education—are met.

What kind of insurance?

There are basically two kinds of life insurance: *term* and *permanent* (or *whole life*). Insurance companies have broadened their product offerings over the last three decades, but term and whole life policies still make up the bulk of insurance products sold. Here's how they differ.

Term Insurance

- Term insurance provides protection for a specific period of time.
- It pays a benefit only if you die during the term.
- Most policies can be renewed when you reach the end of the term, anywhere from one to 30 years...
