DAISY AWARD

Congratulations to **Mackenzie Cowans** she is the recipient of:

The **SPCA Cincinnati's** Daisy Award!

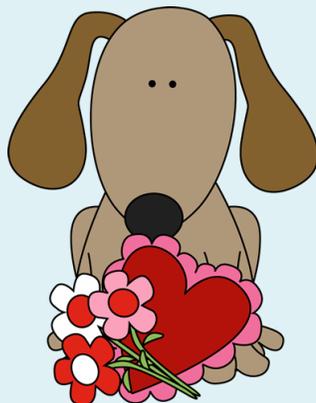

"I am a Kennel Technician at the Northside shelter. I work in Kitty City daily. I clean cat cages & take care of them. I make sure they have fresh food and water along with a clean litter box. I get to help pets find furever homes! My hobbies and interests are photography, going to the zoo and spending time with my fiancé and animals. My fiancé Andrew and I will be celebrating our 6year anniversary this year! I have a dog who I adopted from the SPCA a year ago. I have a cat, two sugar gliders and a betta fish. My words of wisdom: *Life is 10% what happens to us and 90% how we react to it.*" —Mackenzie Cowans

Thank you Mackenzie for all that you do!

Valentine's Day

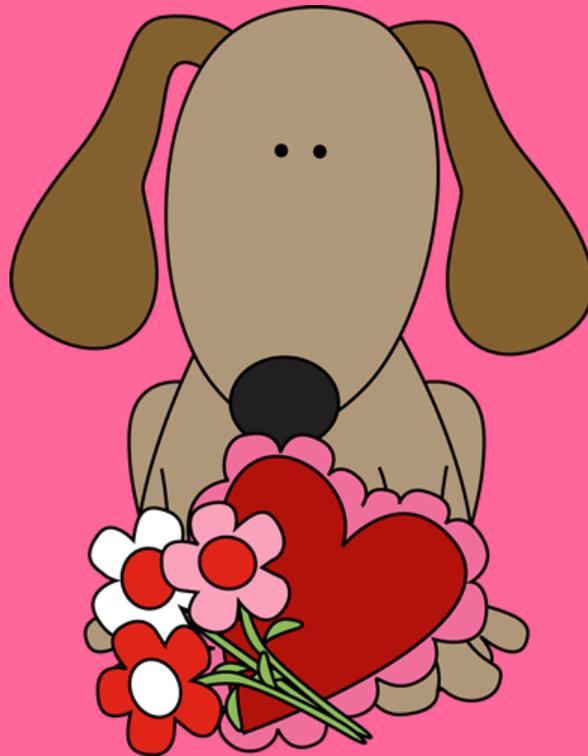

FOR THE LOVE OF LIFE

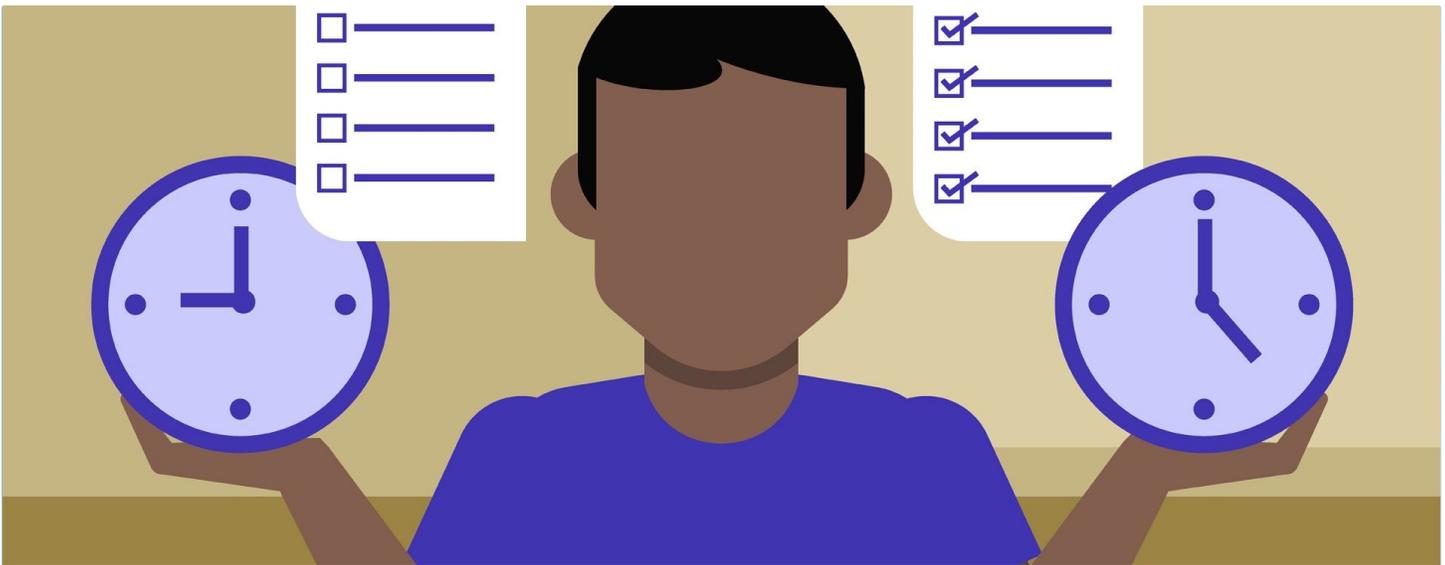

February 13, 2020 everyone is invited to the SPCA Cincinnati Valentine's Day Lunch Party!

Both shelters, Northside & Sharonville, will be closed to the public. You are expected to arrive in Sharonville at **noon** sharp! This allows time to feed/clean the animals, and travel.

This is a **mandatory** lunch meeting. Everyone will be paid, but **MUST** attend. Afterwards, we will receive about 38 animals from Oklahoma. We ask that those who can stay to assist with the intake process do so. Thank you for your commitment!

Time Management at Work (Part 1)

Time management is best defined as a systematic prioritization of tasks and competing demands to complete the most important tasks within a target time frame. The goal of time management is to reduce the distractions that lower the number of tasks a business owner, manager, employee, or worker completes.

Importance of Time Management

Is the saying "Time is money" true? If your business runs out of money, you always have the opportunity to get more. More money is "simply a sale away." On the other hand, once time is past, you can never get that time back, nor can you add more hours to a day. Yes, poor time management can cost you and your workplace tremendous amounts of money. Realize, however, that the better you manage your time the more money you can earn. With time management, people maximize how much they get done each working day. Having a written time management plan serves as a guide for working smarter instead of harder.

Benefits of Time Management

With effective time management, you will

- Maximize what can be accomplished in a workday
- Maximize the use of the limited resources
- Identify critical areas for special attention
